EXPERIENCE

Samuel Mayze joined McKerrell Architects after graduating from the University of Queensland in 2002 with honours.

Samuel has gained valuable experience in design, documentation and Contract Administration.

Samuel has been the project architect for numerous Showroom and Service Centre developments for AP Eagers Pty Ltd. Some of the recent and current projects are the Toyota, Ford and Honda Showroom and Service Centre developments at North Lakes, Southside Volvo, Land Rover Showroom refurbishment, Mt Gravatt and the Porsche Centre Brisbane at Newstead.

His extensive knowledge in the design planning and the operations of these vehicle Showroom and Service Centres has greatly benefited the firm and the Client by his attention to the design, and documentation including his co-ordination of consultants and liaison with local authorities.

Today at McKerrell Architects, Samuel provides design, development and documentation experience to compliment the established company reputation in commercial, residential, retail and interior projects.
